FEEDER CABLE PLACED AT PORT AND HARBOR

A submarine cable, carrying 200 telephone lines, is to cross Mulatto Bayou, across from Kelly's Fishing Camp, to bring direct communication to the West Hancock County Harbor and Industrial Area, according to F.M. Kyle, Jr., district manager, South Central Bell Telephone Company.

The 4,000 foot underwater cable will be part of a 20,000 foot line needed for the overall project, and will operate out of the Pearllington exchange. Total cost of the installation will be in excess of \$9,000, Kyle said.

In expressing his company's faith in the future of the industrial development Kyle said, "We are installing the cable to take care of the anticipated demand for telephone service in the Industrial Park Area and it has been engineered to meet today's needs and also allow for telephone growth in the future."

Kyle said the cable will be placed along the Jim Kelly Road, across Mulatto Bayou, and then into a distribution system within the Industrial Park.

When told of the proposed installation and the fact that work was underway, Donald Landry, president, Hancock County Port and Harbor Commission, developers of the West Hancock County Harbor and Industrial Area, said, "The fact that South Central Bell is putting in a cable of sufficient size to handle our immediate needs shows they, like us, believe we are on the verge of an industrial development surge in this county."

C. H. Hill, port director, said, "Two hundred lines may sound like a lot but if we can just get the federal government to kick in with these promised economic development funds and let us finish our intended public works projects at the site, we will need everyone of those lines to handle the load."

"Prospective industry looking at both the facilities available and the projects underway. If they consider enough of the industrial park will be developed prior to their intended date of location then they stay interested. If they feel they will be held back for the lack of this or that facility then they go looking elsewhere."

"The availability of immediate 'on site' telephone facilities will do much to speed their building plans once they decide to stay and, in fact, this 'instant communications capability' may be the influencing factor."

There will, no doubt, be numerous public inquiries and the following instructions are for use in explaining how to file a request for an exception to the April 25, 1970 deadline:

a. The property owner desiring to appeal should set forth in writing a detailed justification (reasons, contributory circumstances, etc.) for not having filed prior to April 25, and file the statement with his local government's authorized representative.

b. If the appeal seems in order to the appropriate local government representative, it should be forwarded to Mr. Prentiss H. Baughman, Post Office Box 68, Gulfport, Mississippi 39501.

c. It will be reviewed by the Governor's authorized representative and forwarded, along with a recommendation, to the Regional Director of OEP for approval or rejection. If approved, the Governor's authorized representative will be asked to see that the property owner is furnished the necessary information and forms for completing and submitting his/her application.

The Miss Popularity finalists will be announced at 9 p.m. Sunday.

The public is invited to attend.

The Hancock County Board of Directors meeting Monday night, Tally Rayborn, an independent Educational Counselor, working for the Mississippi State Department of Education, gave a full report of the critical conditions that now exist in the County School System.

Rayborn pointed out how important a good school system is in attracting a new industry into a community. Rayborn who has been studying the county school system since Hurricane Camille, suggested that the Chamber of Commerce get behind the program in helping to obtain federal funds for the County school systems, particularly Hancock North Central.

He revealed plans that are being made now to open a County vocational school at Hancock North Central around the 15th of this month which would start with 50 students, basically the

program will be set up for teaching the arts of wood craft, plumbing, electrical work and masonry. Facts reveal that only approximately 25% of Hancock North Central graduates enter college for further academic

studies and that vocational training is not strong enough in the County school systems to fill the student's needs, in preparing them for the working world upon high school graduation.

The critical areas in which Hancock North Central needs immediate help are as follows:

1. 8 classrooms needed

2. Courses not given in English, physics

3. Vocational needs

4. Supplemental needs

5. Auditorium

6. Carpeting program

Thanks
To express our gratitude to the friends and relatives who were so kind to attend the funeral of our dear mother, Mrs. Victoria (Aunt) McParland, who died on May 4, 1970, at the Gulf Coast Hospital, the funeral services were held at the Gulf Church, Sunday, May 10, 1970, at 10:00 a.m. The burial was in the family home, also for the funeral services and cards of condolence.
THE LAFORTUNE FAMILY

In remembrance of my mother, Mrs. F. J. Frye. How we miss your smiling face. But you left us to remember, none on earth can take your place. A happy home we once enjoyed. How sweet the memory still. But death has left a loneliness. The world can never fill. DAUGHTER AND GRAND-CHILDREN

Story Hour Begins At Library

Parents are urged to bring their children from ages 3 through 5 to the library building each Thursday morning at 11 o'clock to the Story Hour which will begin today, May 7th and will continue throughout the summer months.

These groups have been arranged by Mrs. Edward Ludwig, Project Chairman for the library. She announced that Mrs. H. L. Robinson will be in charge of the group each Thursday for the month of May and Mrs. Pete Benvenuti will take over for the month of June.

This story telling time will be enhanced by the use of the new Record Player recently donated to the library by General Electric. The presentation of the machines by Mr. William J. Richards, Manager

This is Oldsmobile's
year at Indy.

Isn't it your year
for an Olds?

The knowing folks at Indy just named Olds 4-4-2 official pace car for this year's 500.

For good reason Olds is not only an excellent performer, it's a winner in looks and ride as well.

The fact is every 1970 Olds is a pacesetter. And it goes far deeper than performance.

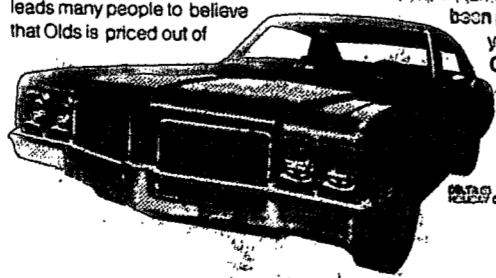

You find it in great engineering in exceptional comfort. In ride and handling that are outstanding. And in the solid quality and dependability you've come to expect from Oldsmobile.

In fact, it's this quality that leads many people to believe that Olds is priced out of

their reach. A mistaken notion that might keep you in an ordinary car, instead of an Olds.

The truth of the matter is that many Olds models are priced right down with the low-price names.

Now that you have the facts, isn't this your year to get Oldsmobile? You can't probably do so far as to get an Olds when you're paying less than your nearest Olds dealer!

wish to apologize to the people who have read my notes, those past two years, I have been in Hancock County, and then confined to bed at home, therefore could not write my column. Some of my news may be two weeks old, please bear with me.

On April 15th Mrs. Elda (who still has her right leg in a cast) attended a meeting of the state Tuberculosis Society at Primus Northgate restaurant in Jackson, Miss. She had the honor of representing Hancock County at this meeting.

My deepest sympathy is extended to Mrs. Laura Green, her nurse at Hancock General and Kings Daughter's Hospital. Laura lost her brother Manuel Necaise, and a sister Gloria in the same week. She has retired since she came ill several years ago. All the patients she nursed tenderly still remember and about her.

On April 11th my daughter Green a 10th grade student at Bay Senior High, was one of a group of Hancock County Candy Strippers who were taken to Jackson on the Tiger.

My 20-month old granddaughter Anita Dillard was a recent patient in Crosby Memorial Hospital in Piquette but is at home now and recovered.

On April 30th, the Hancock County Homemaker's Council held their annual Flower and Vegetable show in the Agricultural Center on Necaise Ave. Mrs. Elda Duke president, and the doctors with her good show by her co-chairman, Mrs. Rosalie Benigno, Mrs. Marie Taconi. The door prize was donated by Jean's Nursery on Highway 90.

Enforcement Specialists Named For Area

Regional law enforcement program specialists have been named by the Division of Law Enforcement Assistance and four recently created regional planning councils to accelerate local-level criminal justice planning.

In announcing the appointments, Division Executive Director Kenneth Fairly of Jackson said that Mr. Henry Dovallo presented the check and Mr. Lucien Cox, Jr. presented the plaque which was appropriately inscribed.

While I have been ill, I have had time to catch up on my reading and although I have read it 3 times, I hated to put down Margaret Mitchell's "Gone With The Wind." Now I can understand why my aged grandmother Mrs. Elizabeth Taylor Strickland a direct descendant of Zachary Taylor, beat my back side with a hickory switch when I was only five, after she heard me lustily singing "Yankee Doodle" and "Marching Thru Georgia."

son noted that subgrants totaling more than \$700,000 were approved by the Commission on Law Enforcement Assistance April 10 to state and local law enforcement agencies in Mississippi.

A primary initial responsibility of regional program specialists will be to coordinate this massive infusion of funds into Crime Control and Safe Streets Act funds at local levels, particularly in basic police equipment programs. Fairly said, The Commission tentatively approved subgrants totaling more than \$200,000 in equipment requests during the April meeting with the final paperwork on application finding incomplete.

Newly appointed regional law enforcement program specialists are Harry G. Alderson of Oxford, B. A. (Burr) Hammond of Greenwood, Beavers

Armstrong of Jackson, and Gene J. Rogers of Pass Christian.

The newly appointed LEA-RC-4 law enforcement program specialists, Rogers, is 30. A graduate of the University of Southern Mississippi with post-graduate study in corrections at the University of Tennessee and Florida State University, Rogers is a former Harrison County Youth Court counselor and, since 1967, has worked as a specialist in adult corrections with RCA and in personal training with American Training Systems Co., Inc.

In providing full-time regional law enforcement specialists to coordinate planning directly between Division and local law enforcement agencies, Mississippi's effort to improve its criminal justice system will have added dimension, insuring that all police departments, sheriffs' offices and other criminal justice agencies will have professional assistance available in preparation of LEA subgrant application, Fairly said.

Inter-Catholic Olympic Day Eastern Star To Celebrate Held At Saint Augustine's Anniversary

On Friday, May 1st, St. Augustine Seminary was the setting for a field day involving students from four Catholic schools: St. Rose, Our Lady of the Gulf, and St. Stanislaus from Bay St. Louis, and Annunciation school from Kiln. The range of students was from the fifth to the eighth grade and the total number of participants was approximately 250.

The students were divided into six teams which competed against each other in four categories: 5th and 6th grade girls, 5th and 6th grade boys, 7th and 8th grade girls, and 7th and 8th grade boys.

Individual ribbons and a team award were presented. The team championship was based on total points gained from the individual ribbon winners and from the two team events—the relay race and the tug-a-war.

The members of the winning team received free passes to the Star Theater in Bay St. Louis courtesy of Mr. and Mrs. Joe Scafield. The purpose of the day was to create a sense of unity among the Catholic schools in the area and it was titled "The Inter-Catholic Olympic Day."

The field day was conducted by the novices at St. Augustine's with special help provided by the Sisters and students at St. Rose.

State Aid Program Lets Contractors

State Aid road projects representing the largest contract volume undertaken in any one month during the 19-year span of the State Aid program are scheduled to be let to contract by Boards of Supervisors during the month of May, according to an announcement made by Frank T. Moore, State Aid Engineer of the State Highway Department.

The scheduled lettings include 32 projects located in 19 Counties, which projects provide for 105.5 miles of grading, drainage structures, and bituminous surfacing at an estimated cost of \$4.5 million. Three projects call for 31.6 miles of resurfacing on roads hard surfaced under previous construction contracts.

Moore stated that nine (9) additional projects located in six (6) Counties have been authorized for advertisement for bids by the State Aid Division. These nine (9) projects, costing approximately \$750,000.00, embrace 21.8 miles of grading, drainage structures, and bituminous surfacing and should be let the latter part of May or in early June. The Counties in which these projects are located are Adams, Amite, Calhoun, Covington, Hancock and Walthall.

State Aid roads are defined as the principal collector and distributor routes on the County road system, which roads connect with the State Highway System and other State Aid roads to form a network of secondary highways. Projects are awarded by the Boards of Supervisors, subject to the review and approval of the State Aid Engineer.

MAKE MOM QUEEN ON HER DAY

WITH A LOVELY GIFT FROM

BEACH BLVD.

KANTCHA KETCHUM

By L.S. (Doc) Elliott

The weather was between good and bad over the past week-end. Good, some rain, partly cloudy and hot, cold front moved in. Saturday was a fisherman's day. He didn't carry a jacket with him really felt the cold weather. Local fishermen blamed the cold weather for the fish not biting. To most of us this winter has been a long one. Right now cold crabs are on the bad side. Warm weather and low tides are best for crabs to shed. As stated before March, April and May are the best months for catching soft crabs. Although they are caught all during the summer months. Catching flounders hasn't been too hot either. Too much wind and rough water. However a few have been speared.

Understand fresh water fishing has been pretty good the past two weeks. The water most everywhere is good. Fish are hitting surface baits both perch and green trout.

Right now they are catching perch and bass in Pate's Bayou out Highway 90 this week at Pearllington. Perch and bass are now spawning. They spawn in shallow water. Locate the spot and you've got it made.

Willie Gavagnie, Coach Baymour and Joe McCollough were fly fishing Saturday. Don't know how many they caught. All three catch their share of fresh water fish.

It is a known fact that boys start off with a 3-wheel bike, then a bicycle, a motorcycle and a car. Then next a boat. John Scaife, Jr., is one of those boys. He is proudly showing off his new 18-foot fibre glass boat and trailer. John shares his boat with his friends.

Was sorry to hear of the auto accident which befell our fishing buddy, Alden Mauffray. Alden is doing OK and will be back fishing soon.

Enjoyed a little bowling while in Jackson at the Larvill Lanes. Met IRV Lehmann the manager, a swell guy.

Played pool with Jos. T. Ware and Cooksey Shupert. Joe is an architect and contractor and sugar is retired from the National Cash Register Corp. Both visit the Gulf Coast quite often. They also enjoy fishing. See you later fellows.

Dan B. Haggerty was officially sworn in Monday in New Orleans as Clerk of Courts. Dan took over the office when his father Edward Haggerty, Jr. died a short while back. Mr. Haggerty served for 30 years as clerk, and is the son-in-law of Mr. and Mrs. J. L. Elliott, best of luck, Dan.

Was a pleasure meeting W. R. Bennett of Madison, Miss. Bill has hunted and fished all his life. His favorites are quail and dove hunting. Thanks for the invitation Bill. might see you when the dove season opens. He is a swell guy to know.

Dear Advisor: Don't like fishermen who make love of the other kind. What other kind?

Bluefish and sea bream are

SPORTSMAN OF THE WEEK

Dr. Harry Pfingst loves his hunting and fishing. When time permits you can find Doc in the outdoors. What's a better medicine than catching fish or killing game for keeping one healthy? You tell me.

Two of the porch family caught hereabout. They are found in quiet streams. They usually run less than a pound but do grow much larger. They put up a scrappy fight when hooked on a fly rod. Delicious for eating, too.

Frank Snogress and his friends have been doing quite a bit of fishing and camping. His stomping ground is up Rotten Bayou.

John Genin is still catching hard crabs. He does it by the trap way.

Wop Glover was over last weekend. Didn't do any fishing. Too busy taking care of a little business.

Zapper, Ruffler, Fidget, Bantam, Sounds like the lineup for the Saturday night Wrestling Matches, doesn't it? The cast of characters for a Dead End Kids Show.

Not so! They're the names for new set of quadruplets in a family of panfish bugs which are deadly by any name and which now are being marketed by the Fred Arbogast Company of Akron, Ohio.

It's a good idea to try some new bugs. They will also catch some big bass. The same old bugs get old to fish, too. Ever think of that?

There will be a scoutleader Training Course at the American Legion Home in Bay St. Louis at 9:00 a.m. on Saturday, May 23rd. Make plans to attend. The Boy Scouts need leaders and we need the Boy Scouts.

Understand Pass Christian Isles Golf Club has a newacting Pro and green's keeper, Lee Knight who took over recently. The course is in good shape and playable condition. Golf is good for what ails you. Join the golf club and you will be glad you did.

Soft and hard crabs are the best of the day in the fishing line. Miss Amelia Scaife has been catching some hard crabs lately. Won't tell her secret place for catching them.

Another who likes to catch hard and soft crabs is Fe Seuzenau. He also loves to fish. Been doing both a long time, she says.

Al Jacobi and Jimmy Lolacano catch their share of soft crabs when they are giving. Do most of their crabs are late at night when they don't have to fight the crowd.

Collected some dope on soft crabs. Donald Strong said he caught 3 dozen Saturday night after the rain, down Waveland way. Donald knows his stuff about catching them. Leaves the little ones be. Thanks for the information, buddy.

J.C. Shupert caught seven flounders two weeks ago. J.C. loves to flounder and goes on every occasion. There's tricks about this sport, too, he claims.

Robert Reighton likes his doop con fishing. Lunched his boat at Ponce de Leon and says he usually comes home with crabs big ones.

John Schott got his share of hard crabs up Jordan River. John also does balloon fishing. He uses a red and white balloon used as a float. The balloon goes out with the tide giving the fisherman more distance to fish from the boat. A number of larger fish were caught.

PRC To Hold Basketball Camp

Coach Miller Hammill's first Pearl River Junior College Basketball Camp will be held from June 14-20 for juniors and seniors from July 12-18 for senior high students on the campus of PRC.

Hammill will serve as camp director. He is one of the outstanding young coaches in Mississippi basketball circles as his teams have won 184 games while losing only 62. In three of his five seasons as head coach, his teams have won thirty or more games and placed high in the state playoffs.

Lamar-Lane, head basketball coach at Poyung Memorial High School will serve as the chief instructor. Lamar-Lane, an outstanding coach whose teams have posted a record of 280 wins against only 77 losses in his ten year career at Poyung has served on several coaching clinic staffs and was named as the South All-Star Coach in 1969.

This way. Sounds fishy you will say, but it's true, said John.

Blackberry time is here. The berries are plentiful and are found most anywhere in the woods. A blackberry pie is hard to beat.

MR. RONNIE LADNER OF PASS CHRISTIAN, MISS. ACCEPTS DELIVERY OF HIS NEW CHEVROLET FROM SALESMAN JOE PALAZZO OF LAMAR-LANE CHEVROLET IN BAY ST. LOUIS.

Mr. Ladner, a Pass Christian resident wanted to buy a Chevrolet for his personal use. He shopped around the different dealerships along the coast to see where he could get the best deal. Some of the dealers told him that before he bought it it would be a good idea to visit Lamar-Lane Chevrolet in Bay St. Louis and get their price. At Lamar-Lane he was greeted by courteous salesman Joe Palazzo. Joe Palazzo gave Mr. Ladner a sales price on a new Chevrolet that was the best price offered him and he is very happy with the deal he received from Joe Palazzo and Lamar-Lane Chevrolet. Mr. Ladner wants to recommend Lamar-Lane Chevrolet and Joe Palazzo to all of his friends interested in buying a new car or truck. As for Joe Palazzo, he could save you many dollars.
